

### What we do:

**YouAttest** is a cloud-based tool designed to enable enterprises to conduct compliance and security access reviews at a fraction of the time and cost.

Using the YouAttest console the auditor, in a single console, can automate the access reviews process and disseminates attestation campaigns for certifying, revoking or delegating the review of the enterprise entitlements in Jump

Designed from scratch by interviewing both IT Security and external auditors – Youattest has quantified and automated the Access Review process.

### Integration with JumpCloud:

**YouAttest** integrates with your existing JumpCloud with a secure cloud-to-cloud connection. YouAttest utilizes a secure tokenized connection to digitally connect and encrypt the connection between JumpCloud and YouAttest IGA.

### Advanced Access Review Features:

- GUI-guided Access Reviews
- Group Reviews
- Auto-Delegation
- Auto-Scheduling
